

Safeguarding

All staff at Sutherland House School listen to students and try to make sure they are safe and understand about making safe choices. This is safeguarding.

The staff in charge of safeguarding at Sutherland House School are:

Staying safe is:

- * What people choose to say and do
- * What others say and do to me

Sometimes people make choices that mean they are unsafe.

Sometimes people feel unsafe because of what someone else does.

Students can tell staff if they feel unsafe somewhere or with someone.
